

Reminder To Parents Negative Student Lunch Account Procedures

The school office and KUSD Food Service Office has been experiencing difficulty in tracking and communication of the negative balance lunches. These are the rules to follow for those students that pay full or reduce lunch and that are negative in their accounts:

KUSD Food Service prints a daily report that lists all students that owe more than \$10.

Students that owe money beyond the established amount receive a negative slip for lunch in place of their hot lunch card.

Students receive a snack of graham crackers, ½ cup of fruit and milk with their negative slip.

Students will be charged \$.50 for each negative balance snack.

The student will continue receiving the negative snack until funds are deposited into the students account (money in the school office does not count as being deposited). It must be received and applied to the students account by KUSD Food Service.

Once the money reaches the students account, the student's name will no longer appear on the negative report and they will in fact get their white hot lunch card.

*Tips on how to eliminate negative accounts

Apply for free and reduce lunch

Weekly balance letters are sent home with students' lunch account information. Communicate with child/children and check their backpacks weekly for this letter.

Make a payment before balance gets too low.

If possible pay for lunches for a full month or more.

Make sure you chose **Bain School of Language** only when making on-line payments.

Breakfast Prices:

Full breakfast \$1.20
Reduce breakfast \$.30

Lunch Prices:

Full lunch \$2.00
Reduce Lunch \$.40
Milk price: \$.30
